

PAUL CHASE WILL BE REINSTATED AS HIGHWAY COP

Antioch Man Will Again
Don Uniform
Nov. 1

Paul Chase will be reinstated as state highway policeman on November 1, according to announcement made yesterday by the state highway department and John O'Keefe, Lake county Democratic chairman.

Chase, Antioch Democrat and former commander of the local Legion post, received the appointment early last spring, but later was removed to make a place for William Morley, Antioch precinct committeeman. Meanwhile it was said that Frank Valenta, who was appointed several years ago by the Republican administration, remained a holdover on the state police force because of his friendship with the late Mayor Cermak of Chicago. With the reinstatement of Chase, Valenta will lose his job, it is reported, while Morley will retain his post.

Numerous protests made by organizations and individuals following the removal of Chase were responsible for the move on the part of the county patronage committee to secure his reinstatement, according to County Chairman O'Keefe.

"I am glad that Chase is to regain his post on the state highway police force because he is deserving of it," O'Keefe told the News today. "The number and nature of the many petitions and protests against his removal which the committee has received indicate beyond a doubt that Mr. Chase is a man of high standing in his home community," the county chairman said.

Sorenson May Get Job
Elmer Sorenson, who was recently relieved of his job as state oil inspector following an auto mishap, for which he was later exonerated, may also receive a second appointment in the near future according to O'Keefe.

"Sorenson was a victim of circumstances," O'Keefe said, declaring that Sorenson is a hard and conscientious worker and should regain the patronage he lost. The matter of Sorenson's reinstatement has gone before William J. Walsh, chairman of the employment bureau, and it is thought that the Channel Lake man will "be taken care of" in the near future.

ELECTRIC RATE CUT UNTHINKABLE, SIMPSON TELLS COMMERCE BODY

Growth of Community De-
pendent Upon Adequate
Service, He Declares

Chicago, Oct. 24.—Uncontrollable expenses, including an ever-mounting tax load, in the face of largely reduced business have so increased the public utility companies' burden that further rate reductions are impossible at this time, James Simpson told the Illinois Commerce Commission at the opening of formal rate hearings Tuesday.

Mr. Simpson, as chairman of The People's Gas, Light and Coke Company, Public Service Company of Northern Illinois and Commonwealth Edison Company, asked that the commission postpone hearings looking toward a downward revision of rates until the companies and commission may know more about the future than it is possible to know today.

"The companies are making every effort to absorb the extraordinary and unforeseen expenses recently added to their burdens hoping that they will not be forced to petition this commission for relief through increased rates," Mr. Simpson told the commission.

The commission decided to proceed with the hearing assuring the companies that they would have ample time in which to present their side of the picture.

Explaining that all controllable operating expenses of the three companies had been cut to the lowest possible figure Simpson stated that reduced income had made necessary the suspension of dividends by the Peoples Gas, Light & Coke company; that dividends of the Commonwealth Edison company had been cut in half, and that dividends on \$63,000,000 of outstanding common stock of the Public Service company had been reduced to one-fourth of their former level.

"This community, embracing the City of Chicago and the surrounding area, is dependent in a large measure for its prosperity and growth upon these three companies," Mr. Simpson told the commission. "Any injury to them affecting their credit or their service inevitably means great damage to the community at large."

"The maintenance of the credit of these institutions is entirely possible with reasonable rates. Whether present rates with improved conditions will be adequate for the restoration of the earnings remains to be seen. But any reduction in rates at this time is unthinkable."

Mr. Simpson told the commission that one tenth of the population of Illinois, at a conservative estimate, was directly interested in the continued and constructive operation of the three companies serving the Chicago area.

"The public utility law of this state was designed to protect the investor as well as the consumer—the one who renders the service as well as the one who enjoys it."

"The question is far from a one-sided one. It is by no means true that a reduction in rates would injure a few and aid many. A rate reduction not warranted by prevailing conditions would bring about as great an injury to the consumer as to the investor."

McMillen Pins Nebraska Wrestler at Chi. Homecoming

Jim McMillen, 30-year-old Grayslake wrestler, former football star at the University of Illinois, pinned the so-called scissor king of Nebraska, Joe Stetcher, to the mat at the Chicago Stadium last night. The McMillen-Stetcher match was the main event of Joe Foley's mat production for the University of Chicago's 1933 Homecoming for wrestling.

The time required for McMillen to pin his opponent was 48 minutes and 27 seconds. He accomplished this by means of the well-known McMillen hold. Several mat fans from Antioch attended the match.

DEEP LAKE HOME PARTIALLY BURNED

The summer cottage at Deep Lake owned by T. J. Knepf Amherst Wis., and occupied by Mr. and Mrs. C. E. Platorious was partially burned Tuesday evening, when it caught fire from a defective oil burner.

The Lake Villa fire department was called about 6 o'clock, and checked the fire upon their arrival, so that the total damage was estimated to be only about \$1,000, of which \$500 was attributed to furniture loss.

Mrs. Platorious received burns about the face and hands when she snatched up her two children, 2 and 4 years old, and carried them to safety as the flames spread to the bedroom of the four-room house.

D. W. RICHARDSON'S SON IS SUICIDE

Orla D. Richardson, 61, son of the late founder of the O. W. Richardson Furniture Company killed himself Tuesday by shooting himself at his home, at 6021 Dorchester avenue, Chicago.

Friends said that he had been despondent since the death of his wife two years ago and because of financial reverses. He left a note charging that he had been defrauded of a part of his inheritance. He had not been associated with his father's business for the last 25 years.

Forty years ago the elder Richardson bought a home in Gifford's subdivision at Channel Lake, where he made his home for many years, and both he and his son were well known in Antioch.

INSULL IS NAMED IN BILL TO CLEAR TITLE TO FARM

Fugitive Utilities Magnate
Once Had Option on
Hatch Lands

A bill was filed recently in the McHenry county circuit court at Woodstock in behalf of Ethelyn B. Hatch of Fox Lake against Samuel Insull, in which the plaintiff asks for a clear title to a 400 acre farm 120 acres of which are located in McHenry county and 280 acres in Lake county.

It is claimed the farm was sold on an option contract to Insull several years ago when land in this locality was bringing high prices. It is also claimed that the utilities magnate made monthly payments for several years and that about \$16,500 was advanced in payment for the land, but that of late the option holder has not kept up the payments. The defendant having left this country and now residing in Greece, Hatch is asking for a clear title to the land for failure of Insull to abide by his contract. A Libertyville bank, acting as trustee of the property, is also named in the bill. It is claimed that a summons in the case will be mailed to the defendant in Greece.

Indict Woodstock Woman Who Shot John Thompson

An indictment charging murder was returned by the McHenry County grand jury Tuesday, against Mrs. Fred Gathman, 40, wife of a Woodstock farmer, who is accused of the murder of a neighbor, John H. Thompson.

The slaying occurred Saturday night at the Gathman home, when Thompson aroused Mrs. Gathman's anger by his criticism of her being hostess to hunters every year without remuneration. Witnesses of the fatal shooting were Raymond Gathman, 20, and Ruth, 18, son and daughter of Mrs. Gathman, and three hunters. Fred Gathman is said to have been working in the barn.

A coroner's jury upon the testimony of the son and daughter that a slight man of Thompson's build could have repeatedly knocked Mrs. Gathman, a heavy woman of about 300 pounds, to the floor, as the children asserted.

Mrs. Gathman is being held in the county jail without bail.

County T. B. Assn. Appoints Committees for Xmas Seal Sales

Mrs. Barney Trieger Named
for the Antioch
Community

Mrs. Austin H. Niblack, president of the Lake County Tuberculosis Association, has appointed the following committees in connection with the 1933 Christmas Seal Sale:

Seal Sale Committee: Mrs. Jennie Fossland, Winthrop Harbor, Chairman, Mrs. F. B. Hitchcock, Highland Park, Mr. E. L. Baker, Lake Forest, and Mrs. W. E. Hall Waukegan.

The Publicity Committee consists of Dr. E. H. Smith, Libertyville, Chairman; Mrs. Barney Trieger, Antioch, Rev. Howard Ganster, Waukegan, Mrs. Rodney B. Swift, Highland Park, and Dr. D. L. Lewis, Lake Forest.

Miss Mary Kendall, Executive Secretary, and Mrs. Joel Chandler, Office Secretary, attended the Seal Sale Conference at Rockford on Monday, October 23, at which many counties were represented to discuss plans for the Seal Sale this year. Mrs. W. P. Shahan Executive Secretary of the State Association and Mr. Al Shaffer, Jr., of the National Tuberculosis Association, were in charge of the meeting.

The Association this week placed its order for supplies for the 1933 Seal Sale.

Each year at Christmas time seals are sold to finance the work of county organizations all over the state and nation. This is the only means of financing the work of these organizations. In Lake County a monthly chest clinic is held, which is attended by an average of thirty-five patients; a nurse is employed to make nursing and instructive calls to those afflicted with tuberculosis wherever such service is desired and a Health Education Program is conducted in many of the Rural schools; all these services are made possible through the sale of Christmas seals.

Only seals bought in Lake County help the Lake County Association.

Fresh Hunter Is Permitted to Meditate In Jail

There's one young hunter who is convinced, after spending half an hour in serious thought in the local jail Sunday, that it doesn't pay to get fresh with authorities.

He is Elmer Hill, Chicago, charged with shooting protected birds, who tried to identify as his gun which didn't belong to him when he came to reclaim his gun. Furthermore, his attitude wasn't according to the taste of Justice of the Peace William Regan, who thought that a little time spent in the lock-up might induce a change in manner. He was fined \$25 and costs.

Other hunters coming before Justice Regan were J. Johnson, Chicago, charged with shooting non-game birds, and fined \$10 and costs; Alexander Lurgio, Chicago, charged with Sec. 8, or shooting protected birds; Anton Purcillo, Chicago, Sec. 8; Walter L. McComb, Chicago, Sec. 8 fined \$25 and costs; George Nelson, Sec. 8, fined \$25 and costs; E. W. Barth, Park Ridge Sec. 8; and John Dragnic, Ingleside, Sec. 8. The hearings of Lurgio and Purcillo were continued until Monday, and Barth's and Dragnic's until Saturday.

Deck's Fines Suspended

John Deck, 1017 Keystone avenue, Chicago, whose gun was accidentally discharged while hunting on Fox Lake last week, the charge hitting Ralph Gillogly in the right leg, Monday was fined \$50 and costs by Justice of the Peace Sam Tarbell. His son, Leonard, charged with carrying a mounted gun on Fox Lake, was given a similar fine. However, both fines were suspended, as the Deck family is paying all hospital bills for Mr. Gillogly.

Charles C. Dussman, who was with them at the time of the accident, has asked for a continuance of his hearing, which is now set for one o'clock Saturday.

Joe Sears of Fox Lake was fined ten dollars and costs Monday for shooting protected birds. Henry Hill Thompson first struck Mrs. Gathman and Ellis Davis, Fox Lake, were fined on a similar charge but the fines were suspended.

More hearings before Justice Tarbell will be held Saturday afternoon.

Mr. and Mrs. Ernest Maggie, Green Bay, Wis., and Mr. and Mrs. Gus Drom, Manitowish, Wis., visited at the J. B. Drom home Friday. They attended the World's Fair over the week-end, and returned home Monday.

CHRISTIAN SCIENCE CHURCHES

"Probation After Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 22.

The Golden Text was, "Blessed are the dead which die in the Lord from henceforth: Yes, saith the Spirit, that they may rest from their labours; and their works do follow them" (Rev. 14:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away" (Rev. 21:3, 4).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Life is the origin and ultimate of man, never attainable through death, but gained by walking in the pathway of Truth both before and after that which is called death" (p. 487).

THE NEW ERA IN HOME BUILDING

From the standpoint of today's homebuilder, the depression has produced one good result.

According to a news item from Seattle, building has acquired a new status in the last three years. Architects and contractors agree that it will never go back to the old basis. The principal change has been in the degree of discrimination developed by the prospective builder and buyer. He may be buying a very inexpensive place—but he has learned to demand beauty and artistry and good workmanship and materials. It is doubtful, as the news item observes, if the old jack-knife carpenter and the contractor who threw up a number of jerry-built homes as a speculation, will have a place in the new order.

What is true in Washington is true, to a greater or lesser degree, elsewhere.

There has never been a better time for building a new home or rebuilding the old one—never a time when we could get so much, both in materials and in expert advice, as at present. The buyer's market still exists—the price rises that have occurred recently are as nothing to the price rises that are coming.

Your local dealer and contractor can tell you the whole story. Call on him—and get in on the ground floor of the new era in home building.

TAXES—BARRIERS TO RECOVERY

How great is the influence of excessive taxation in retarding recovery, and in preventing employment and wage increases that would otherwise be provided?

The answer is that its influence is very great indeed. The most public spirited business man alive can't spirit dollars out of the air. He can't wave a wand and produce the wherewithal for new jobs and pay raises out of his hat. He has so much spending power—and of late, in the average case, increases in income have been more than offset by increases in his operating costs. He has fixed expenses, which can't be pared. The difference between those expenses and income is what he has to spend.

Nowadays, an extremely—often extortionately—high percentage of the difference must be paid to the tax-collector. We're all "buying" more government than we ever bought before. For three years business has cut costs, raised efficiency, and redoubled its efforts to give the best value at the lowest cost. Government, as a whole, has failed to follow.

It is very possible that the recovery movement will, in the near future, reach a point where it cannot go further without tax reduction. Some of the money that now goes for government must be released into the channels of productive enterprise, to provide jobs and opportunities and the means of expanding business. And those who are now entrusted with government management, from federal right down to the smallest hamlets, should be busy planning the way to do just that.

We enjoyed a wieners roast this week at the home of Yvonne Jensen. An observation hike was held, the patrol having observed the most things when we had arrived at Yvonne's home being the winner. White Bear and Lion Patrol tied with 27 points, Nightingale having 24 points and Bluebird twelve.

The Girl Scout Halloween party will be held at the grade school Monday, Oct. 30. This year we are inviting the Misses Wilson, Gallger, Meyer, Hitchcock, Byrnes, Harwood, and Hughes to the party which is in charge of the White Bear Patrol.

Committees are as follows: Invitations and prizes: Carolyn Phillips, Betty Hanke; Games, Ruby Chinn, Mabel Simonsen; Food, Lorraine

MOTHER,
he needs plenty
of light

PERHAPS his eyes won't complain for years even though he now reads under poor light. But eventually lasting damage will be done.

Be sure there is plenty of light wherever your children read or study. Be sure their books are not blurred by shadows. Be sure no glare reaches their eyes.

Notice how the lamp above is placed a little behind the chair. Its direct light shines on the book page but none of it shines in the boy's eyes. A table lamp will do just as well if the shade is large enough to spread shadow-free light on the book and low enough to keep glare away from the boy's eyes.

THE LAMP pictured above gives two kinds of light—direct light for reading—indirect reflected light for general illumination. The pleated silk shade comes in pastel colors. The base is finished in bronze. Special at **\$9.95**

We pay the Illinois tax on the sale of this merchandise.
